Redemption Instruction :

To redeem your discount, visit www.tablecheck.com/en/promo/visa-dining-program and reserve the restaurant of your choice. Advance purchase is required at time of reservation and must be made with a valid Visa card issued outside Japan.

Terms and Conditions :

- This dining program is exclusively designed for International Visa cardholders (holders of Visa cards issued outside of Japan).
- Eligible users can benefit from a 10% discount on the 'Dine with Visa' menu at one of up to 100 participating restaurants.
- Eligible users are entitled to one reservation with a maximum of two "Dine with Visa" menus. TableCheck reserves the right to cancel any bookings beyond the initial reservation and any bookings that include more than two "Dine with Visa" menus.
- Availability: Due to the limited nature of the dining program, the number of "Dine with Visa" menus that can be booked may be capped at each restaurant. The "Dine with Visa" menu will be clearly displayed as such. If it is not displayed, it means that it is sold out for that date. In such cases, we recommend exploring alternative dates or restaurants.
